selected projects

- 05/2022 — 07/2022 **IHearYou**
I made design for IHearYou App. I created different mockups and designs for IHearYou mobile app and website. Also I made their Google Play/IOS Store screenshots, and promotion pages.
- 03/2022 — 08/2022 **Game UI Components and Designs**
Created game components and various designs, preparing graphics (banners, posters, posts) for App Store and Google Play. Contracted work for games in Rais Games portfolio.
- 1/2022 — 03/2022 **Social Hacker's Academy - Finland Interactive Map**
After 9 months with challenging different weekly projects I finished Front-End Development course, and receive Social Hacker's Academy certificate.

work experience

- 04/2023 — Now **Software Development Trainee - BearIT**
"I have been accepted by BearIT for an 8-month software development trainee program. The program aims to enhance both my Finnish language skills and software development abilities for the business world."
- 03/2022 — 08/2022 **Game UI Designer - Rais Games**
I worked closely with producers and engineers to create interfaces for our mobile game Dreamland . I was working with 3 Game Developer in this company and learning great stuff about game world.
- 10/2021 — 02/2022 **UI / UX Designer (Internship) - HopTub**
I made various page designs and research for the hoptub.com register page, landing page, dashboard page, payment page, and product pages. I worked with 2 Backend Engineers - 2 Front end Engineers and Lead Designer. I learned many things about teamwork and communications between workgroups.

education

- 04/2023 — Now **Software Development Trainee, BearIT**
- 08/2021 — 04/2023 **Etelä-Pohjanmaan Opisto - Finnish Language**
- 06/2021 — 03/2022 **Bootcamp, Social Hackers Academy-Web Development**
- 04/2021 — 10/2021 **Bootcamp, Google UX Design**
- 10/2017 — 06/2021 **Law School, Akdeniz University, Antalya**
- 10/2012 — 06/2017 **International Relationship, Gazi University, Ankara**
